Degree plans are not followed. We just ask students what they want to take rather than guiding them with what is best for their pursuits. CTE programs are very well laid out. But F2F academic and dual credit are just fly-by-seat... Should we put faculty back in advising loop?

Dr Taylor commented: I know that students planning to major in Business/AgBusiness, Biology, Chemistry, Engineering, Physics, Medical/Veterinary Science, and Math Have a long list of 1000 and 2000 level courses that are required for the respective Bachelors degrees.
